Strategy aims for disadvantaged pupils

Measure	Activity
Priority 1	To ensure all pupils, specifically the lowest 20%, achieve good or better progress in reading.
Priority 2	To ensure that all pupils are able to have rapid and accurate recall of age appropriate mathematical knowledge to allow them to work with increasing independence.
Priority 3	To ensure all pupils receive quality first teaching by teachers receiving continuous professional development so that pupil premium children outcomes can be improved.
Other Approaches	To ensure home life does not have a negative effect on pupil attainment and the amount of progress they make
Barriers to learning these priorities address	Below age expected reading & mathematics skills Poor language Children not being ready and prepared for school, attendance, children having limited or no first-hand experiences.
Projected spending	£45,660

Teaching priorities for current academic year

Quality of Teaching for all			
Desired Outcome Three: To ensure that all pupils are able to have rapid and accurate recall of age appropriate mathematical knowledge to allow them to work with increasing independence.			
Chosen Approach/Action	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	RAG and broad evaluation
To improve the speed and recall of times tables	In 2019 only 23% of children in Year 4 achieved above 20/25 in Year 4 Times Tables Trial 50% of pupil premium children achieving age expected+ in maths at the end of KS2.	Subscribe to Times Tables Rockstars Set half termly competitions to engage children across Year 2 to Year 6. Timetabling of Chromebook/ipads for Year 3 & 4 to ensure weekly practise. Pupil usage discussed at half termly pupil progress meetings	0% pupil premium children passed the optional Year 4 Multiplication test.
To work with the Maths Hub for the Maths Mastery Programme	New SL starting April 2019 33% of pupil premium children achieving age expected + in maths at the end of KS2 50% of pupil premium children achieving age expected + in maths at the end of KS2	Subject leader and Year 3 teacher to attend Maths Hub Training Maths Subject Leader to feed back to SLT and agree implementation process	75% of Year 2 pupil premium children achieved age expected plus. 25% of the pupil premium children now has an EHCP. 75% of Year 6 pupil premium children achieved age expected plus. 25% of the pupil premium children achieved GDS.
NQT to attend NQT Maths Hub Training	NQT training year has been disrupted due to COVID-19 national lockdown and NQT training being disrupted due to lockdowns and the restricted opportunity to observe experienced teachers due to covid restrictions.	NQT to attend Maths Hub NQT Training. NQT to liaise with NQT mentor and Maths SL to share knowledge and agree next steps within school.	NQT now has understanding of CPA approach in maths and is evident in lessons.

<p>Continued focus on CPA approach across school</p>	<p>% of pupil premium children achieving age expected in maths at the end of KS2 in 2019.</p> <p>QLA of Year 6 SATs</p> <p>Children across school missed full time education during academic year 2019-2020 due to COVID 19.</p>	<p>EYFS teacher to attend Maths Hub training</p> <p>Purchase of additional practical resources</p> <p>Purchase and have training on Numicon.</p> <p>Regular SL release time to monitor CPA approach in school.</p> <p>Monitoring of maths across school – talking to children, lesson drop ins, maths book monitoring</p> <p>Consistency across school</p> <p>Booster groups for Year 6 children within lesson time</p> <p>Purchase WRM Premier to support WRM scheme of work.</p>	<p>CPA is evident across school.</p> <p>75% of Year 2 pupil premium children achieved age expected plus. 25% of the pupil premium children now has an EHCP.</p> <p>75% of Year 6 pupil premium children achieved age expected plus. 25% of the pupil premium children achieved GDS.</p>

Other Approaches			
Desired Outcome One: To ensure home life does not have a negative effect on pupil attainment and the amount of progress they make			
Chosen Approach/Action	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	RAG and broad evaluation
To purchase CPOMS to allow all SLT to monitor behaviour, home life and attendance.	<p>Recently fully trained Safeguarding Team, DHT trained DSL March 2020.</p> <p>All SLT and Safeguarding Team being updated with home life issues and incidents in school.</p> <p>SLT to have the ability to monitor attendance, working with families to improve over attendance percentage for pupil premium children.</p> <p>Sharing information during a national lockdown or bubble isolating.</p>	<p>CPOMS training for DSL which will allow monitoring of homelife and attendance resulting in support being offered if required.</p> <p>Removal of paper cause for concern forms.</p> <p>Training for newly appointed staff.</p>	<p>All pupil premium children were monitored through CPOMS. During lockdown, CPOMS was vital for DSLs and class teachers to monitor and record any concerns with regard to pupil well-being, learning etc</p> <p>All pupil premium children were contacted regularly and the pupil premium children with a social worker or who were highlighted on Wakefield's vulnerable tracker were contacted weekly or twice weekly. Weekly home visits were carried out and home visit forms were completed and sent to Wakefield's MASH team. This was invaluable during school closure.</p> <p>100% of pupil premium children attend school either full or part time during January lockdown.</p>

Other Approaches			
Desired Outcome Two: To ensure social and emotional issues do not prevent pupils from making at least expected progress in all subjects.			
Chosen Approach/Action	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	RAG and broad evaluation
HLTA to lead nurturing sessions to share SEMH skills to resolve situations and understand emotions.
